

## SuPER

### *Supporting Patient care with Electronic Resource*

#### **Take charge of your health care!**

We are inviting you to a study to test a web-based program that helps people with rheumatoid arthritis make decisions about using biologic treatments.

You may be eligible to participate if:

- You have **Rheumatoid Arthritis**
- Receive/have received ongoing care by a **rheumatologist**
- You are considering or reconsidering **starting or switching biologics**
- Have access to the Internet

You will get to be one of the first to use this new online program and provide feedback on its content. We will also ask you some general questions about your health. Any information you provide will be completely anonymous. An honorarium will be provided for your time.

When you complete the program, you will receive a printable personalized summary that you can take to your doctor and discuss your decision.

For more information, please contact:

**Jasmina Memetovic, Research Coordinator**
